

Hire, Technical Services and Flightcases

Hire

Do you need to get your hands on a specific piece of equipment? Are you a technician who needs to supply their own kit occasionally? Are you a hire company looking to supplement your own stock on occasions?

All of our equipment is available on cost effective dry hire basis. Our extensive inventory includes everything that you might need and is supported with our UK wide delivery capability and 24/7 emergency call out support.

Technical Services

For over a decade we have provided premier Technical Services to a variety of customers. Boasting a broad range of expertise and supported by our 24/7 emergency service you can rest assured that we are always at your side.

From Portable Appliance Testing (PAT), through to equipment Service and Repair our fully equipped service department can undertake any work from the largest digital mixing console through to regular lamp replacement in your installed lighting system.

Our consultancy service provides expert independent advice including technical specification in areas such as architectural and system design. Examples of our work include the design, supply and installation of sound, lighting and projection systems in Universities, Leisure Centres, Churches, Schools and Holiday complexes.

Flightcase Manufacturing

Our CAD modelled, fully bespoke flightcases are in use throughout the world and are famed for their durability and longevity. These are all hand finished and stringently checked to ensure the highest levels of quality at all times.

Each case is manufactured to your exact requirements in a wide variety of materials. Your corporate logo can also be accommodated if you choose, with your branding reflected in the choice of colours and finishes available.
