

# Installations and Sales

## Installations

We don't just sell equipment, we also provide a comprehensive installation service comprising of consultancy, fitting and commissioning. Our experienced in house engineers install and commission countless projects each year.

Having worked in almost every conceivable environment, from schools and places of worship through to the largest theatres and stadia we work with you every step of the journey, understanding your requirements and tailoring our proposal to fit your unique circumstances.

As with our event services, a Cloud One Project Manager will work with you every step of following our seamless process from start to finish.

- Initial brief.
- Site survey.
- Project plan encompassing all aspects from equipment specification to waste removal.
- Pre-check and testing of equipment prior to delivery.
- Installation and commissioning.
- On site training if and when required.

## Sales...

With extensive industry knowledge Cloud One have been able to negotiate market leading rates for most types of equipment. Whether it is a single microphone, the refurbishment of a theatre or new equipment for your band, we can point you in the right direction providing a cost effective solution and maximising your budget.

Demonstrations can be arranged and we will always work with you to ensure that we understand your requirements and actively guide your choice to the most appropriate solution or alternatively, provide options on quality used equipment.

## Ex-Hire – Sales

If you're looking for pro-level equipment that offers considerable savings from manufacturers' prices, why not ask to see our ex-hire list?

All of our ex-hire stock is manufactured by some of the best known names in their field and will have been cased, well looked after and regularly serviced throughout its life.

Prior to despatch each item undergoes a thorough quality inspection and PAT test (if required), ensuring that it meets our exacting standards.
